Industry

The MCEX lists DROs in four industries: Food & Beverage, Retail, Services, and Culture & Sports. Below are their breakdowns, by the cumulative issued DROs.

Index (Korean Cuisine)

The index for Korean cuisine typically peaks on weekends, with Saturdays seeing the highest interest, underscoring a clear preference for enjoying these dishes during leisure time. According to the index, there was a noticeable dip in February, attributed to the Chinese New Year holiday. However, activity surged in March, likely spurred by targeted promotions or festive celebrations.

Overall, the demand for Korean cuisine demonstrates fluctuating growth, influenced by seasonal and event-related factors.
